Hihome (At Home Technologies BV) er ikke ansvarlig og ansvarlig, når den bruges forkert.

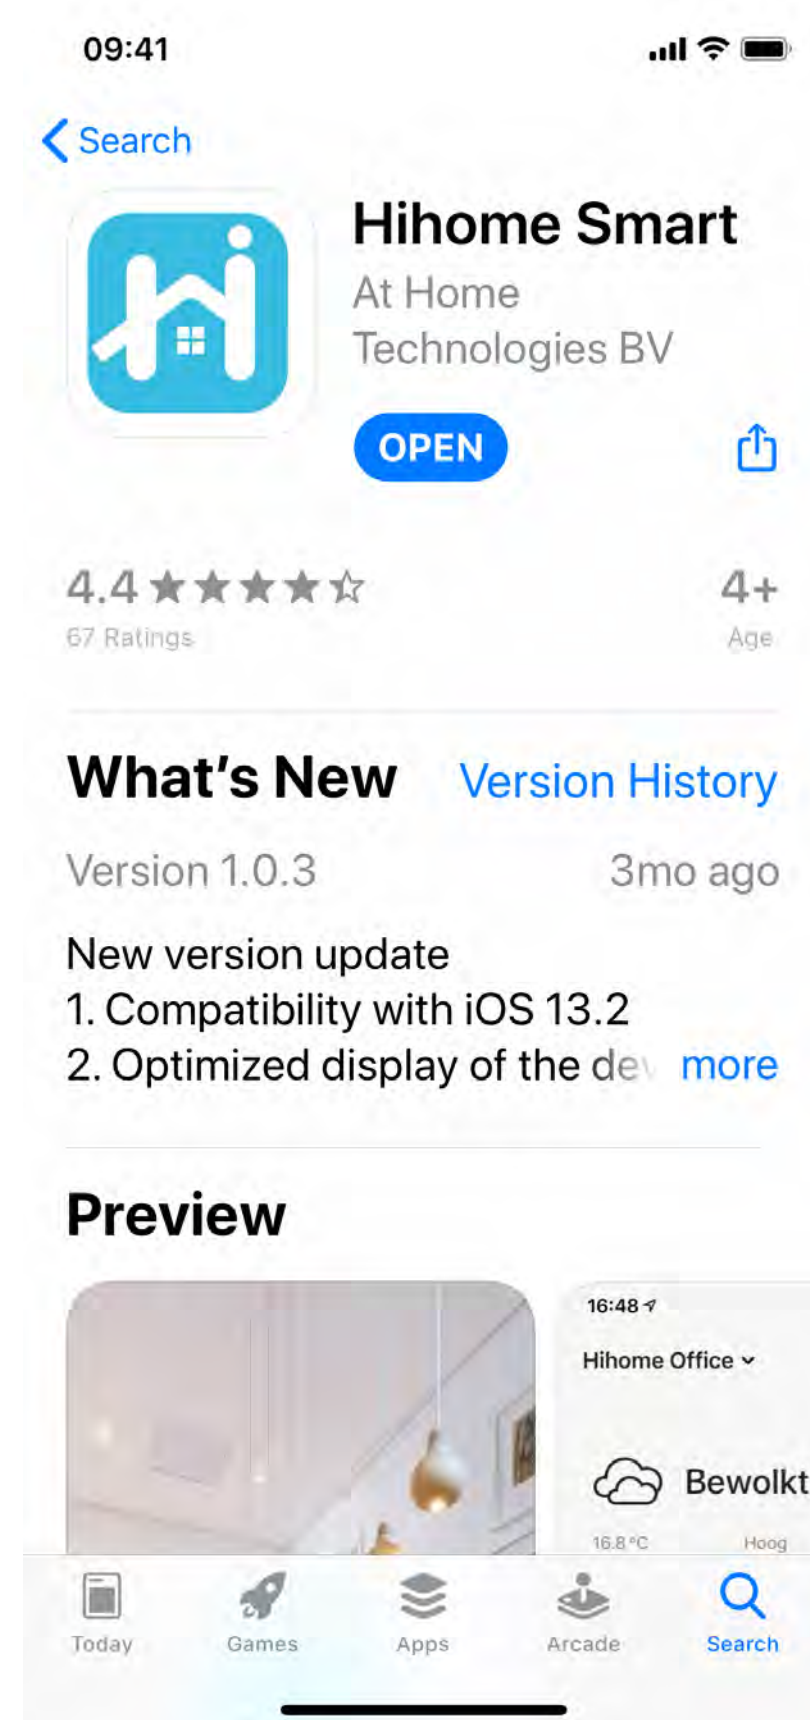

Besøg <https://support.hihome.eu/> for flere detaljer manualer og opdateringsmanualer. For spørgsmål kan du sende en e-mail til support@hihome.eu

Step 1

Download Hihome App for iOS eller Android

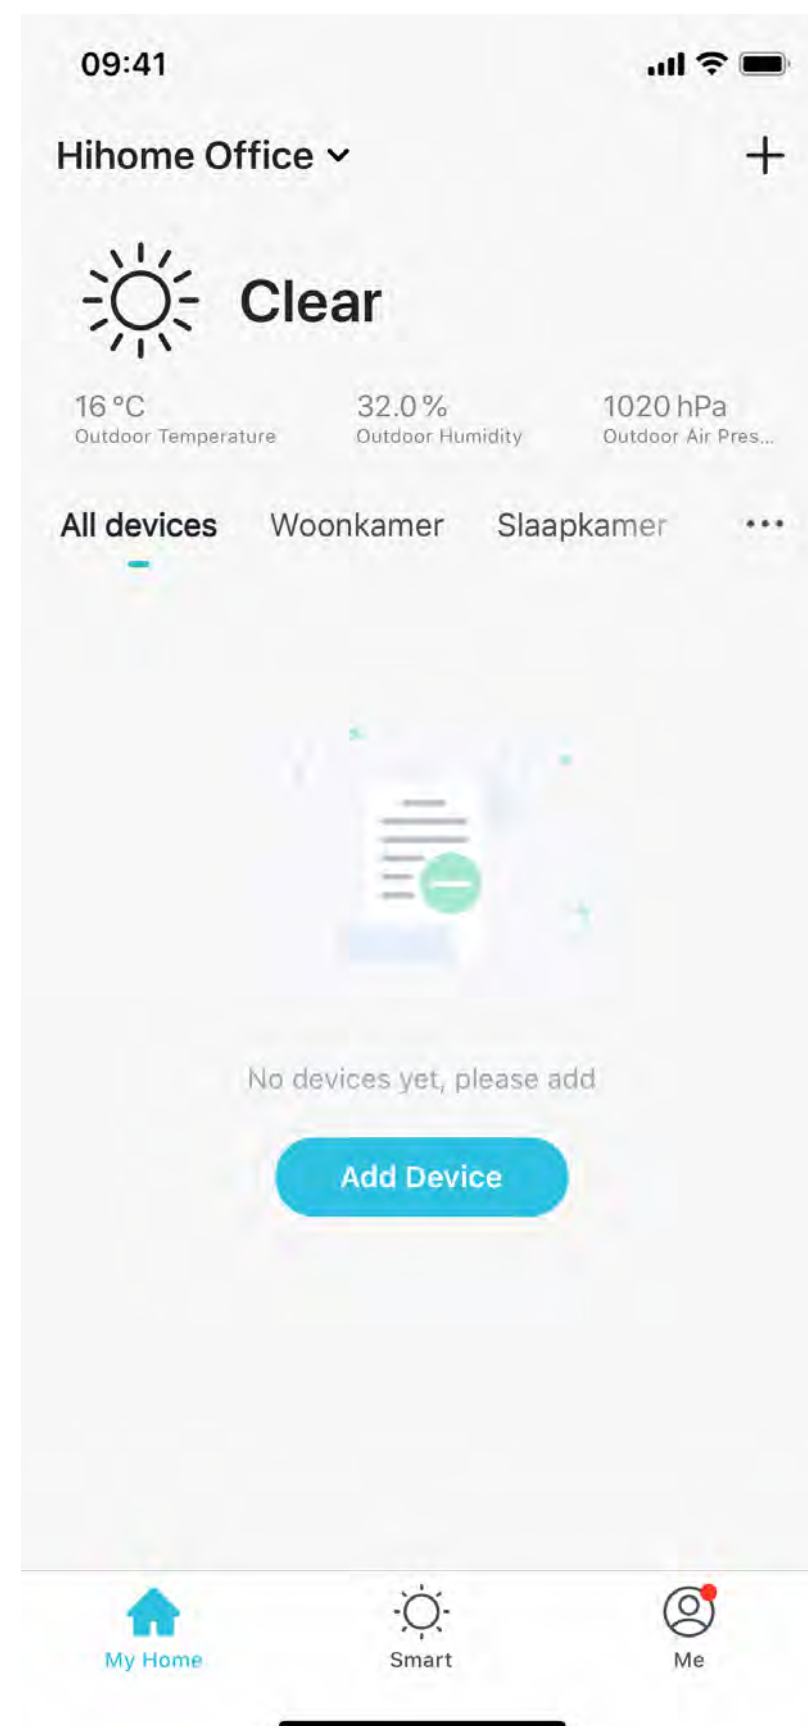

Hihome Smart

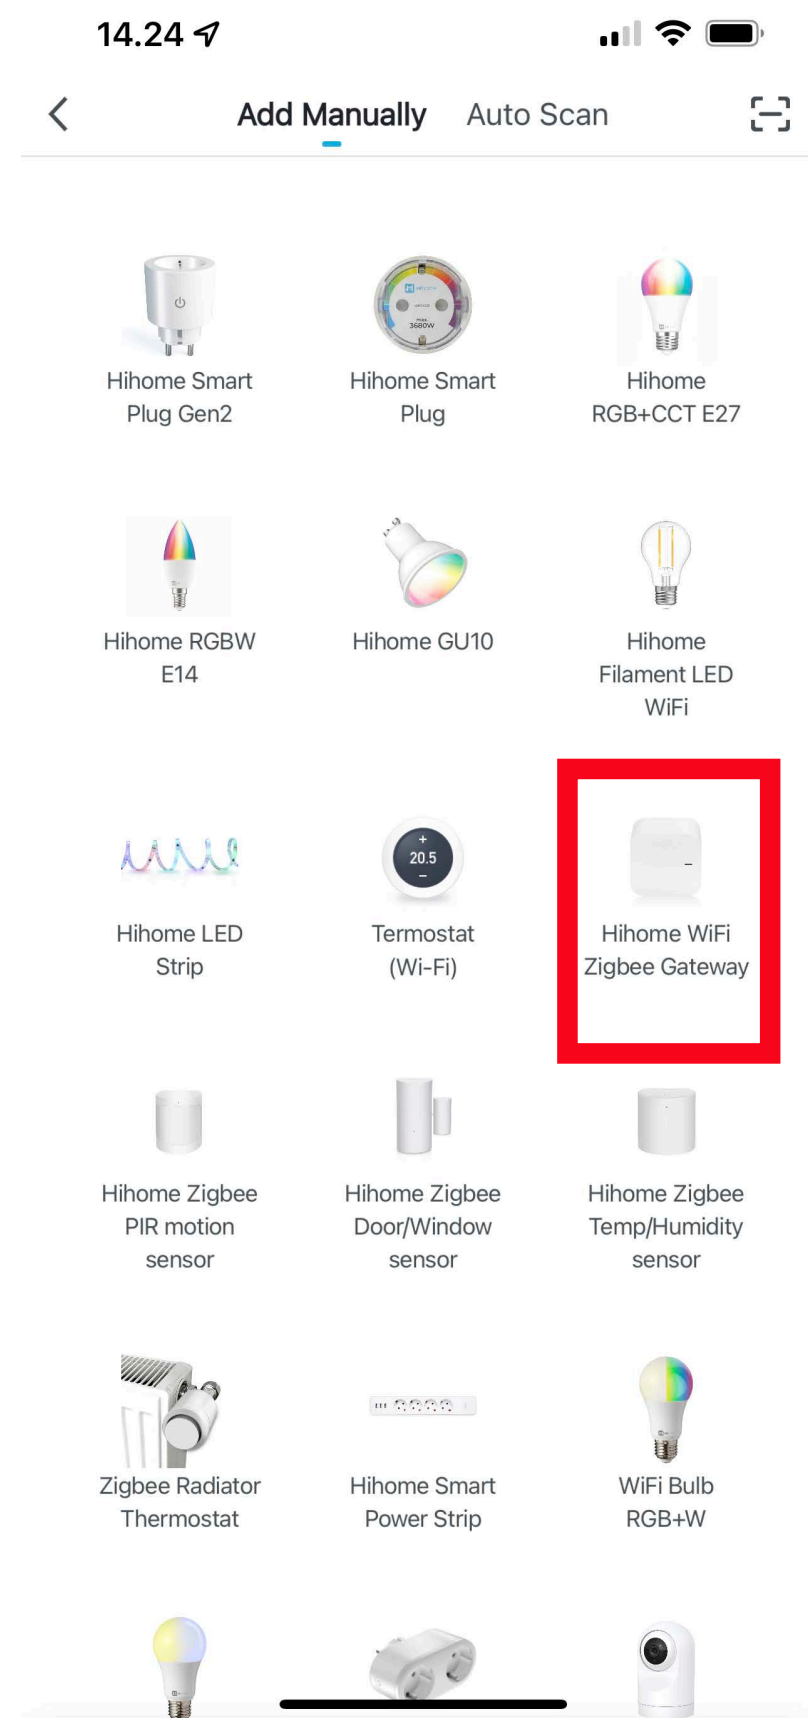

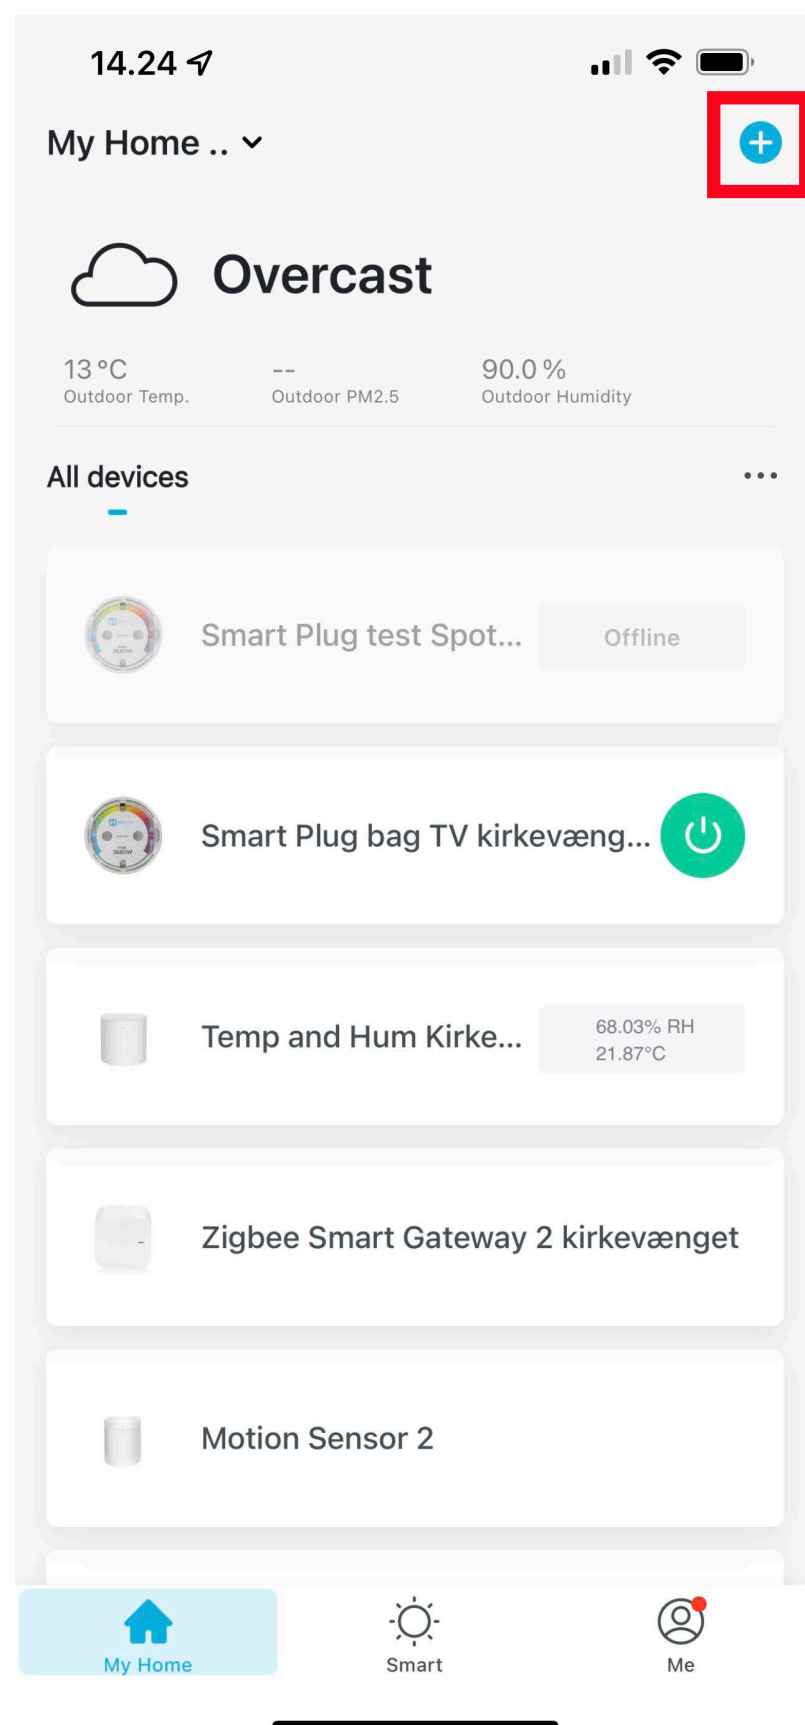

Step 2

Register og log in

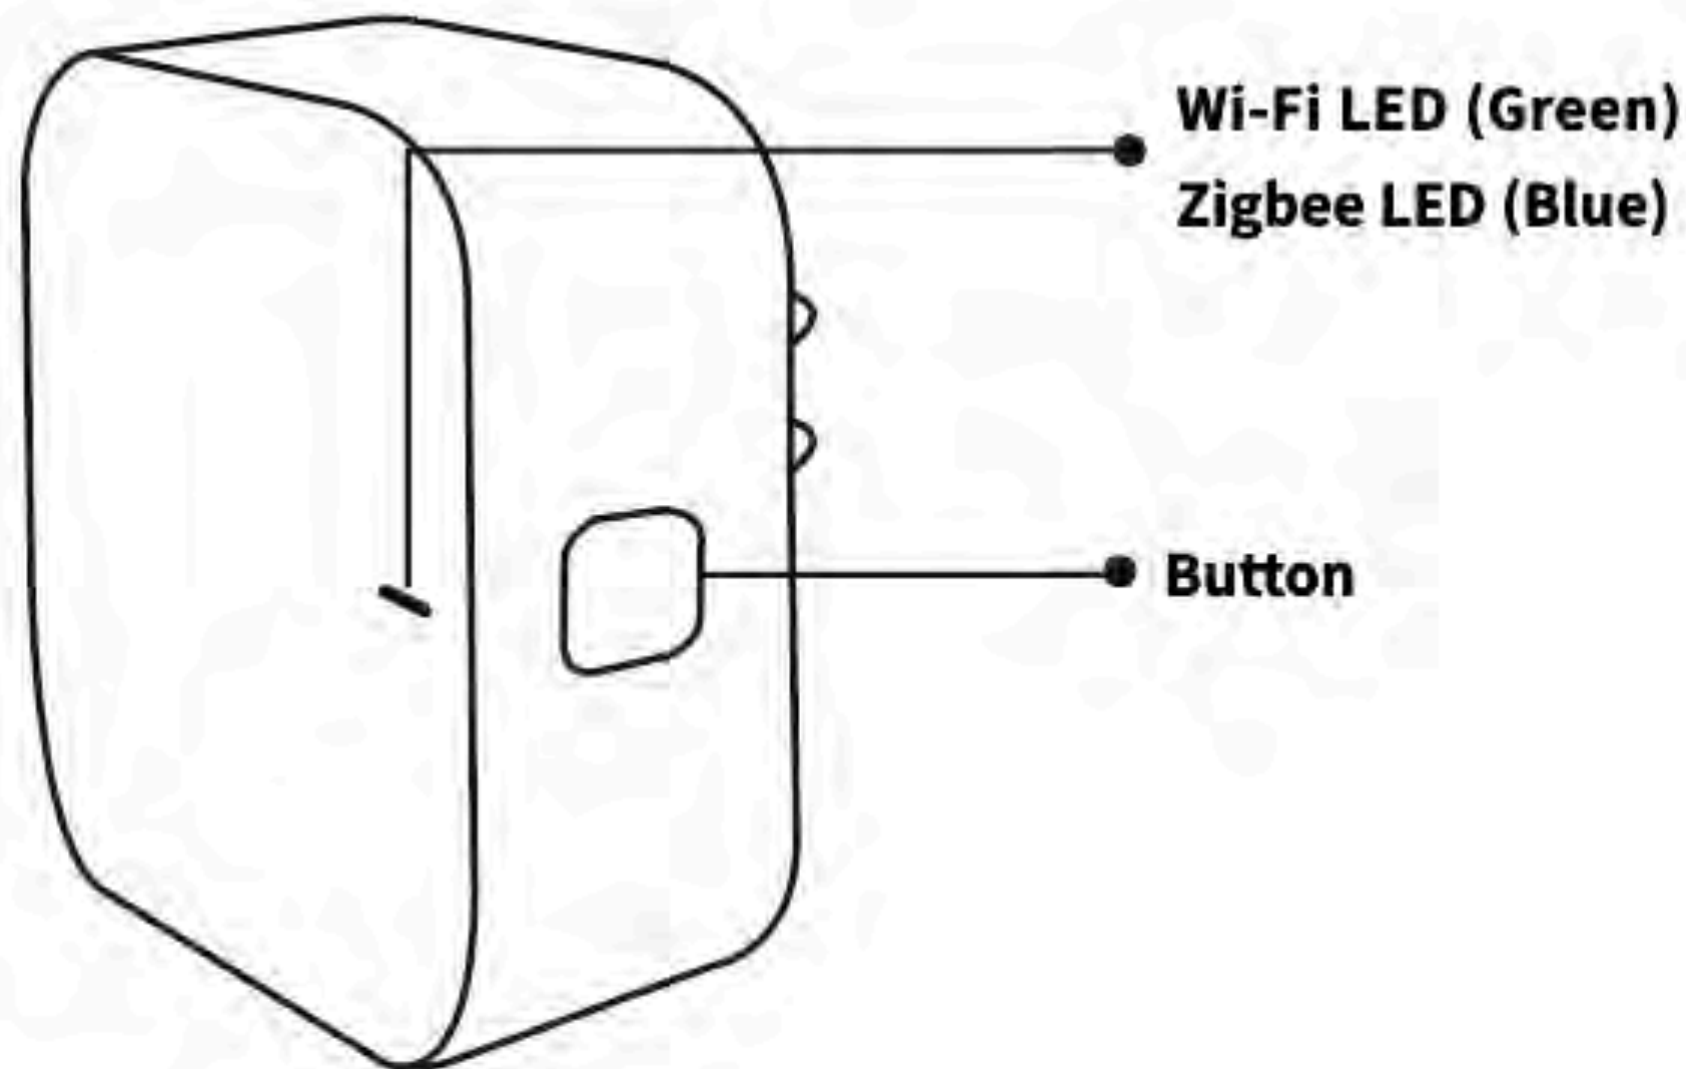

Step 3

Tilføj enhed og vælg Gateway(Zigbee)

Denne intelligente WiFi-gateway skaber et Zigbee netværk med ekstremt lavt strømforbrug. Du kan tilføje alle former for Zigbee-enheder og sensorer til at lave dit hjem smart efter eget valg. Sæt WIFI-gatewayen ind i 230V stikket og forbind din Hihome Smart App.

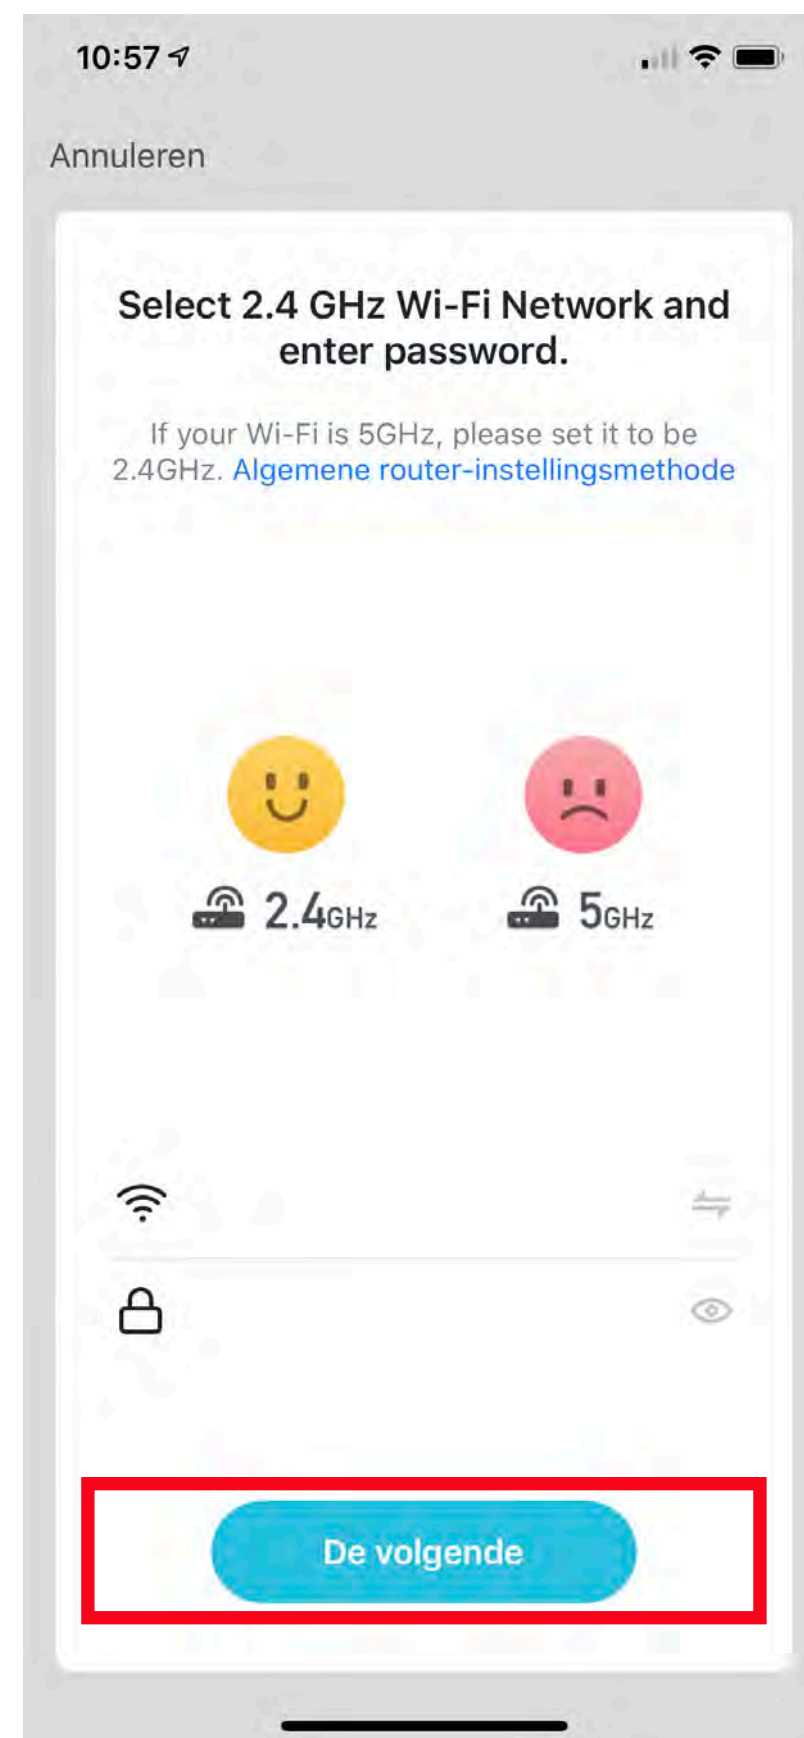

Tryk på knappen i 5 sekunder, indtil LED'en blinker grønt
Åbn Hihome-appen og tryk på + i øverste højre hjørne.
Vælg Gateway (Zigbee), og følg instruktionerne.

WiFi LED green	Blinking	The Gateway is in WiFi Configuration mode
	Off	No network connection
	On	Connected to WiFi network
Zigbee LED blue	Blinking	The Gateway is in Zigbee Configuration mode
	Off	Zigbee network is active
Button	Reset or enter WiFi Configuration mode	Press and hold the button for 5 seconds until the LED blinks green. The Gateway is now in WiFi Configuration mode
	Enter Zigbee Configuration mode	When the Gateway is in Standby, press the button one time and the Gateway will enter Zigbee Configuration mode
	Exit Zigbee Configuration mode	When Zigbee Configuration mode is active, press the button one time and the Gateway will exit the Configuration mode

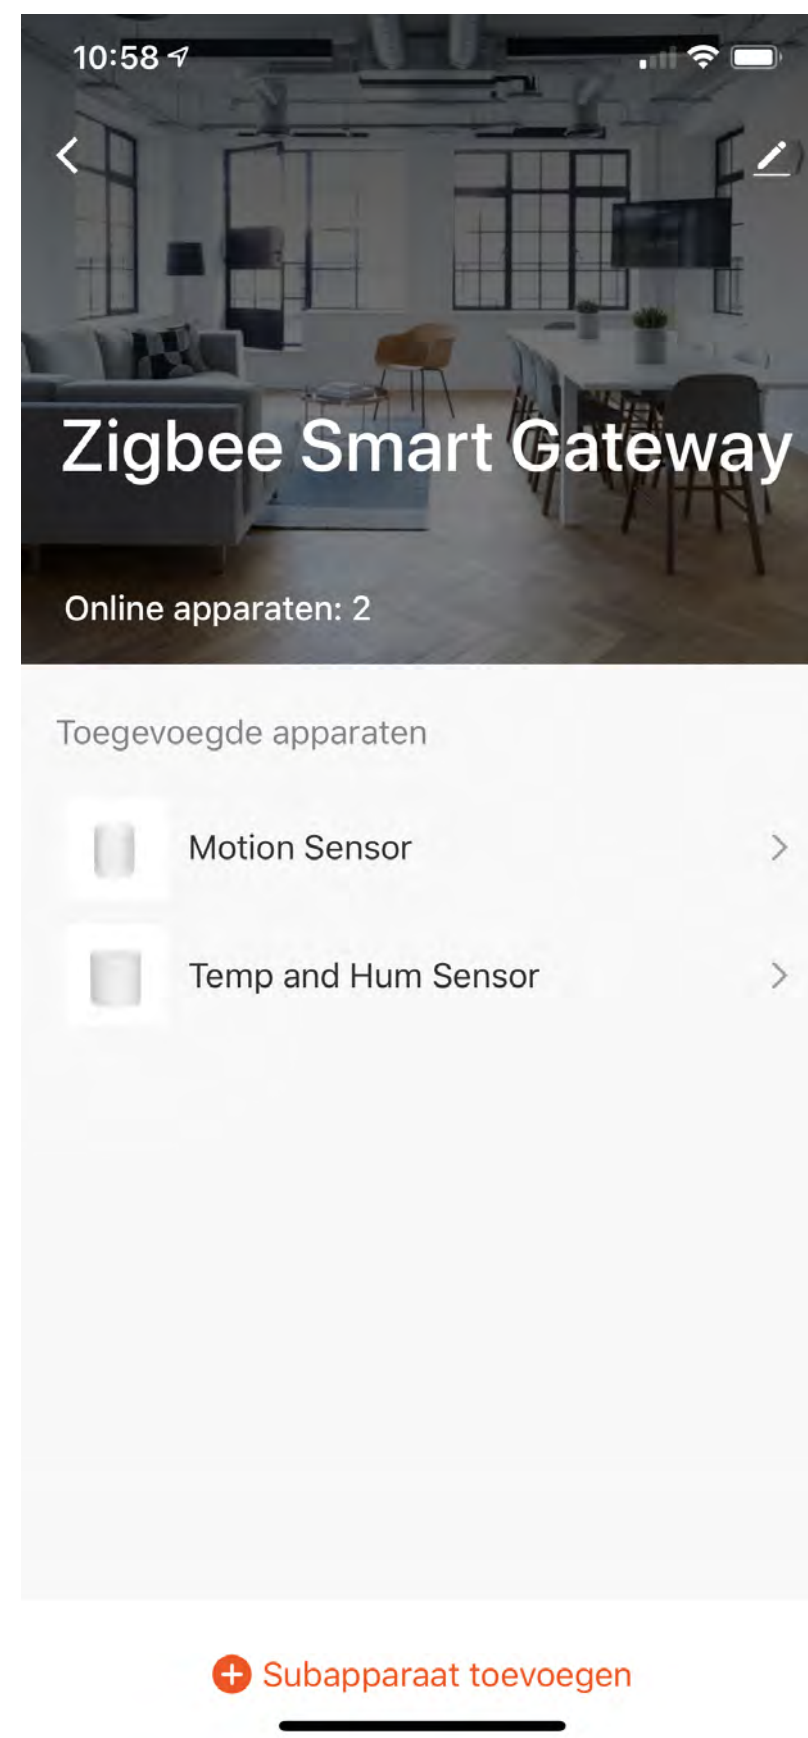

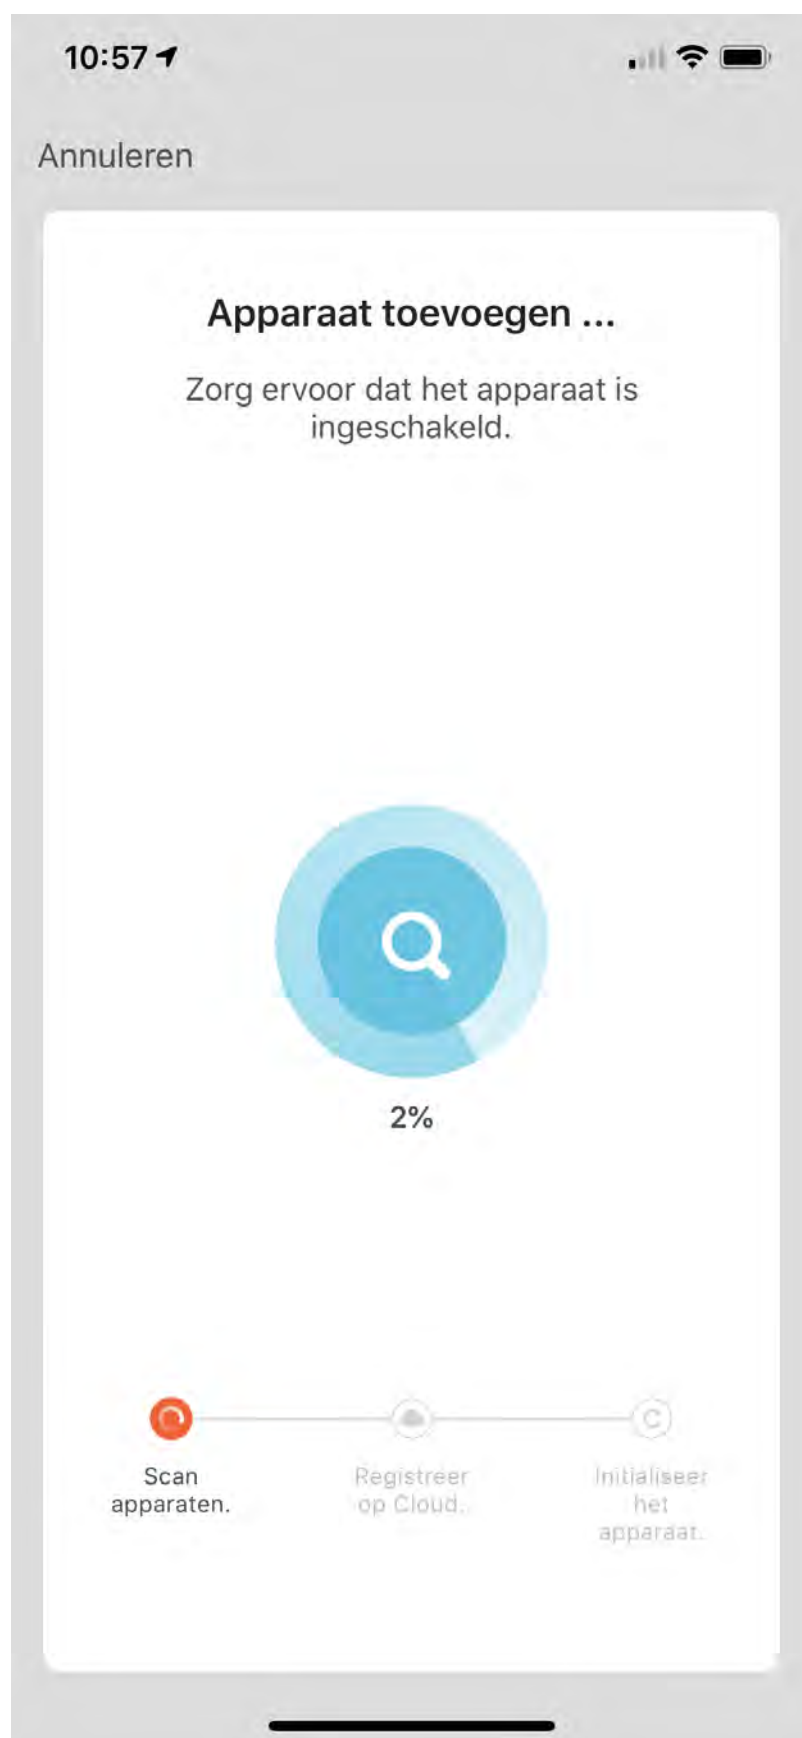

Step 4

Indstil din Wi-Fi forbindelse (Smart WiFi)

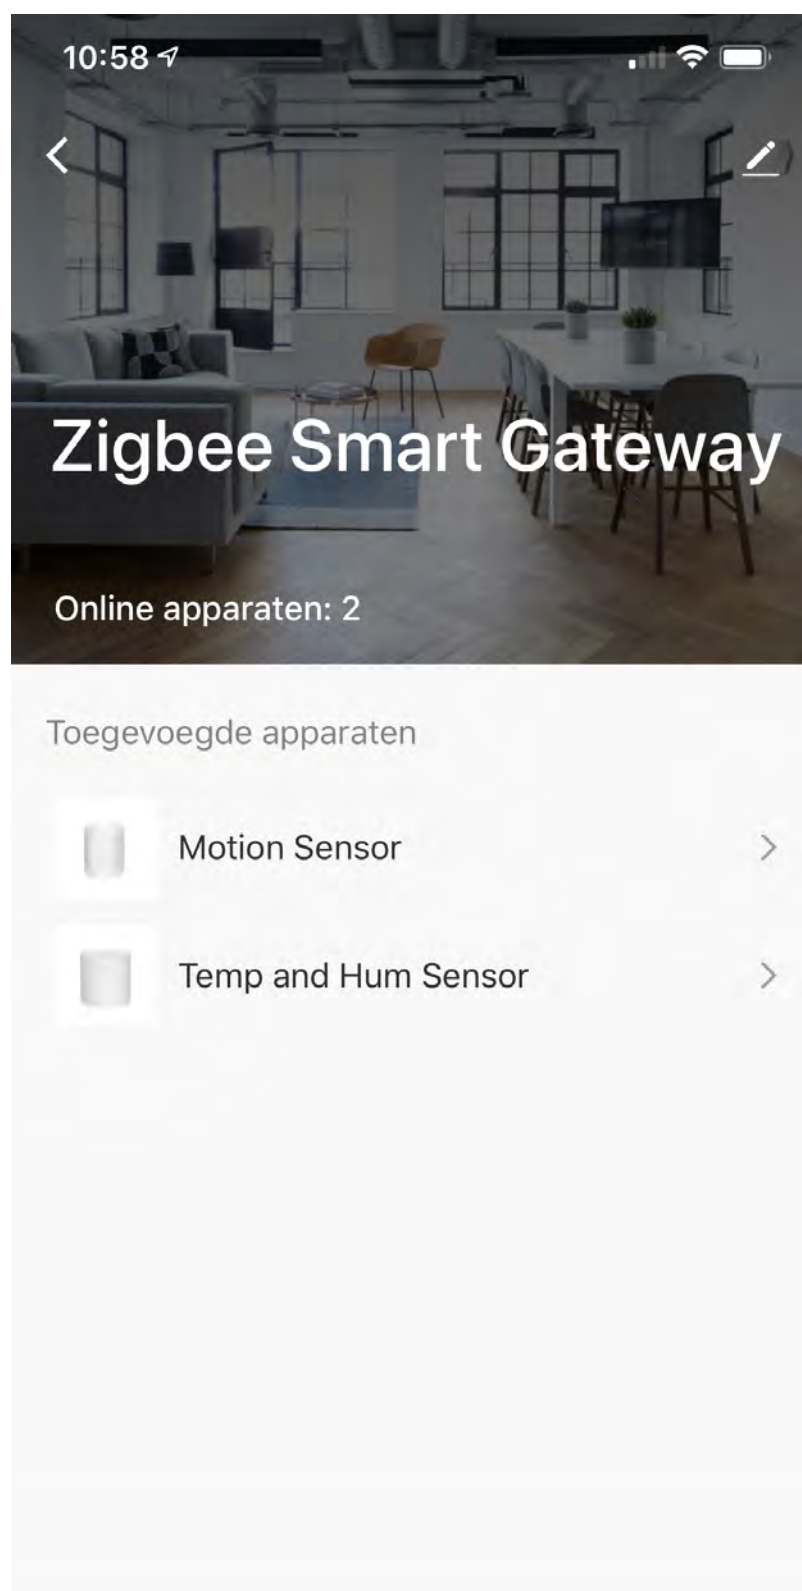

Step 5

Færdiggør installationen af Zigbee Smart Gateway

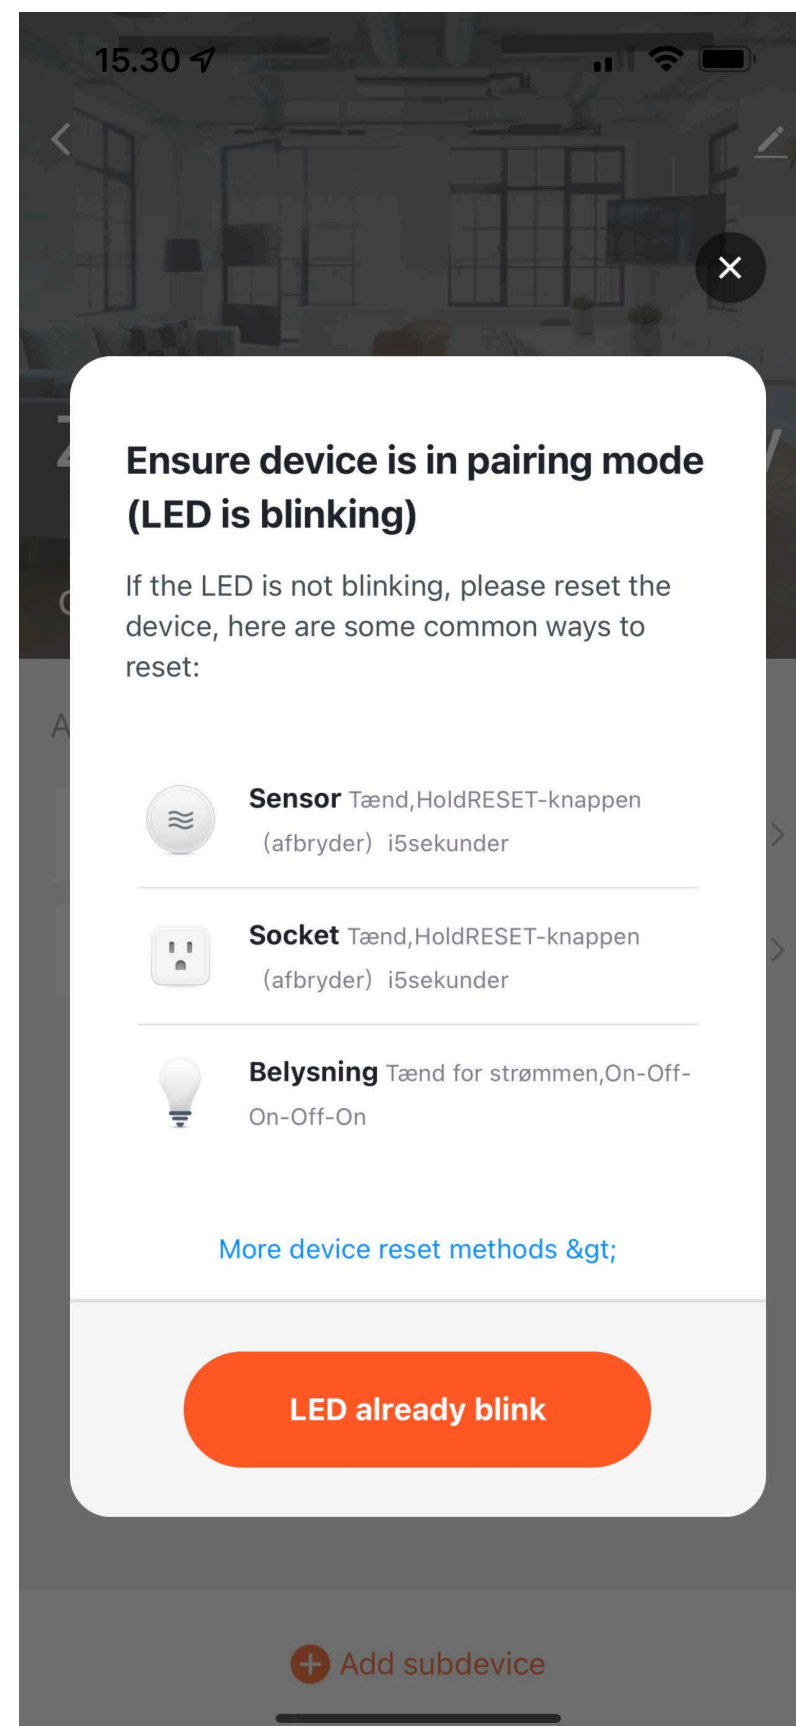

Step 6

Tilføj en enhed under gatewayen, Sørg for, at enheden er i parringstilstand, og LED'en blinker.
Slå parringstilstand til ved at trykke på nulstillingsknappen i 5 sekunder.

+ Tilføj enhed

Flere detaljer for Google Assistant eller Alexa ..

Der er en speciel manual til at forbinde Hihome smart-enheden med Google Assistant og Amazon Alexa.
